The screenshot displays a Kanban board for a project titled "Hospital Information System_100_Records". The board is organized into five columns, each representing a different medical condition: Cold, Migraine, Fracture, Diabetes, and Fever. Each column contains several cards, each representing a patient record. The cards are color-coded and include the patient's name and a partial address. The interface also features a top navigation bar with various tools and a bottom status bar.
